

What is **NannyPay**?

NannyPay[®] is an easy to use, inexpensive Windows[®] and Macintosh[®] payroll system for employers of nannies, care providers, elder care givers, nurses, and other household help. **NannyPay** and its accompanying Employer's Guide give you the power to comply with federal and state "Nanny Tax" laws yourself without buying complicated business software or hiring expensive payroll services.

Save Time & Money

Tax laws can be complicated, but with a little initial effort anyone can set up a **NannyPay** payroll system. **NannyPay**'s Employer's Guide and Set Up Wizard guide you through the set-up process. **NannyPay** also comes with a list of federal and state tax resources and all the federal forms you should need.

Once your payroll systems is up and running, payday becomes a snap. At the click of your mouse, **NannyPay** calculates all the appropriate withholding taxes, tells you what to pay, and generates a detailed pay stub or check for your employee. And when tax time arrives, **NannyPay** can generate reports and tax forms to assist you in completing your tax return and reporting obligations.

Simple Steps

NannyPay was designed by household employers for household employers. Thus, unlike complicated business software and integrated accounting packages, **NannyPay** includes only the features you need, including:

- Set-up Wizard
- Print Forms W-2 and W-3
- Prints Schedule H
- Complete Payroll Record Maintenance
- Liability and Federal Form Reporting
- Drop-down Calendars
- Customizable Pay Stub Messages
- Customizable Additions/Deductions
